Lyla Fences & Gates

Lyla is the name given to Paul Dishers first Grand daughter. The Lyla Fence was designed the same day that Lyla was born. Don & Miriam Truss are the proud parents, Don Truss now looks after the Sales & Admin at For Dishers Fencing in Withcott. Paul Dishers and his wife Lynda are the owners of the house in the photo.

At the time of the photo their house at 9 Atkinson St Toowoomba was in the early stages of restoration. Paul & Lynda believe that the fence has added \$30,000-\$50,000 to the resale value of their property.

The Lyla Fence design sprang from Paul & Lynda's Love of buying old houses and bringing them back to former Glory.

So Why should you choose a Lyla Aluminium Fence ?

Hints On Choosing your Design

You could Create a more Up Market Look by using chunky 100/100 Posts instead of the standard 65/65 Post with Victorin Tops.

Victorian Post Tops

Intricate Scroll Work

How about a Kookaburra Decorative Letter Box built into a fence panel

COLOURS (see our colour Chart)

These Beautiful Lyla Fences & Gates come in MANY COLOURS to suit your landscape & House.

Your Colour Choice could include up to three colours. The Post could match the colour of the trims on your house, the panels would match the walls and if you want the Post Tops could bring in a third shade. Each additional colour is available at only \$200 extra.
